TANKS FOR THE MEMORIES: Congrats are the order of the day, with a lemon wedge, for AQUAMAN penciller **Jim Calafiore,** who was hitched to his long time gal pal, **Sue Ann.** Actually, they were officially hooked in style as their nuptials were overseen by *Neptune* himself. They were held at Jenkinson's Aquarium, Point Pleasant Beach New Jersey "Feedings immediately follow" read the invite, but exactly who was fed to whom? Speaking of Aquaman...

POP-UP KING OF THE SEAS: A representative of MTV's "Pop-Up Video" called editor **Kevin Dooley** to ask exactly when Aquaman broke up with his wife, Mera. They wanted to use the info in one of their "bloop" captions during a music video. Hmm, the "bloops" *are* kinda what Aquaman *would* sound like if *he* made a rock-video! (Didja catch the Aquaman bit on Dr. Katz last month? He's all over the place! Well, his kingdom *does* cover 70% of the globe.) Speaking of music...

GET THOSE COMICS BACK: SUPERGIRL, STEEL and SUPERBOY editor **Mike McAvennie** remembers when he gave his friend **Dave McGee**'s son, **Kieran,** free comics. Now the kid's a star! He basically taught himself music and now he's got his own album ("Left for Dead" on Clean Cuts records) that *Entertainment Weekly* rated a solid B. They called him the "anti-Hanson." Is that a good thing? The Ant-Monitor wasn't!
